

eRouting Addendum for NIH Fellowship Applicants

Section 2.3.7.6 of the NIH Grants Policy Statement says, “The applicant organization is required to secure and retain a unique signature and dated assurance from the PD/PI for each submitted application, prior to submitting an application to the NIH. This assurance must be available to the NIH or other authorized DHHS or Federal officials upon request.”

This addendum must be signed by the fellowship applicant and the fellowship sponsor. The fellowship sponsor is the Georgia Tech faculty member who is responsible for providing training, facilities, and supervision if a grant is awarded as a result of this application. In order to comply with the NIH requirement above: Once completed, please upload a copy of this document to the "Attachments" section of eRouting.

I certify the following:

- (1) That the information submitted within the application is true, complete and accurate to the best of the Fellow’s and Sponsor’s knowledge;
- (2) That any false, fictitious, or fraudulent statements or claims may subject the Fellow and Sponsor to criminal, civil, or administrative penalties;
- (3) That the Sponsor will provide appropriate training, adequate facilities, and supervision if a grant is awarded as a result of the application;
- (4) That the Fellow has read the Ruth L. Kirschstein National Research Service Award Payback Agreement (<http://grants.nih.gov/grants/funding/416/phs6031.pdf>) and will abide by the Assurance if an award is made;
- (5) That the award will not support residency training.

Furthermore, I have reviewed my pre-award spreadsheet, and I understand that any costs not covered by the grant are the responsibility of the student and/or the submitting department.
