### ➤ (ER-4669) eRouting>Proposal Routing Sheet>Sponsor Data>Prime Sponsor For RI, when a Mod is created on an Award in eRouting and there is a Prime Sponsor on the Award, then the Prime Sponsor will default on the Mod and those fields will not be editable. If there is no Prime Sponsor on the Award then the question, “**Is there a Prime Sponsor for this proposal?**”, will default to “No” on the Mod and will not be editable.

In the previous release, there was an issue where the system was requiring an answer but not allowing input. This issue has been resolved.

**Prime Sponsor**

Is there a Prime Sponsor for this proposal?

☒ Yes ☐ No

Prime Sponsor: NAVY/GENERAL

[Description of Sponsor Types](#)

☐ The Prime Sponsor is not located or is new to GA Tech.

## ➤ (ER-4677) eRouting>Proposal Routing Sheet>Special Review Checklist>Organizational Conflict of Interest

A tooltip was added to the first question on the Organization Conflict of Interest section that says, “To determine if OCI is mentioned, open the solicitation, program guidance, or master agreement and search for the term “conflict.” Review each instance to determine if it relates to the definition above.”

## ➤ (ER-4665) eRouting>Proposal Routing Sheet>Special Review Checklist>Organizational Conflict of Interest

A typo has been corrected in the OCI question that states, “Under this SOW do you foresee Georgia Tech being involved in evaluating Georgia Tech products against other competitors' products to advise the government/sponsor on which products to purchase or which technologies to pursue?”
