

SEPTEMBER 2025 ENHANCEMENTS

RELEASE NOTES

eRouting (ER)

- (ERCM-52) In eRouting--> Proposal Routing Sheet--> OCI--> For RI, the **OCI** section was updated to make all questions required except for the comment box.
- (ERCM-60) In eRouting--> Home Page--> Banner--> For RI and GTRI, the banner was updated to include additional verbiage: **If you are submitting a proposal to the Department of Energy (DOE), research security training certificate(s) for covered personnel must be included as attachments. Contact us at training@osp.gatech.edu with any questions.**

Exchange Agreements (EA)

- (CMS-4485) In eRouting--> Non-Disclosure Agreement (NDA), Material Transfer Agreement (MTA), and Data Use Agreement (DUA) modules-->The search all pages have been optimized to return results quicker.

Contract Information System (CIS)

- (CISAC-398) In CIS --> Award Header --> The label for the BOA field has been updated to BOA/IQC/CRADA. In addition to the BOA #, this field will now display the associated IQC and CRADA #s.

SEPTEMBER 2025 ENHANCEMENTS RELEASE NOTES

- (CISAC-412) In CIS --> Terms & Conditions --> OCI comments will now be displayed, regardless of OCI option selected in CM.

- (CISAC-430) In CIS --> The Project Search Page has been updated to remove outdated information.

- (CISAC-234) In CIS --> Additional levels of security have been implemented for **Ad Hoc Reports** access.

- Unit Level Access: The Chair and BO/Grants offices of both PI and Co-PI units should have access to create reports utilizing the award data of only their units.

SEPTEMBER 2025 ENHANCEMENTS

RELEASE NOTES

This would include the scenario/ data when Co-PI is from a different unit/school than PI's unit/school.

- College Level Access: The Dean and BO/Grants office of each college would have access to ad hoc to create reports based on award data for all the schools in their college.
