Home Page

When you log in to eRouting, you will have the following options:

Proposals Module

1. **Create a Proposal RS** - This will allow you to create a routing sheet for a new proposal.
2. **Create a Modification** - This will allow you to submit a routing sheet for a modification of an existing award. You will use this option to submit supplements, no-cost extensions, etc.
3. **Clone a Proposal RS** - This will allow you to copy information from a previously submitted routing sheet into a new routing sheet. This is helpful for resubmissions.
4. **Search All Proposals** - This allows you to search for all routing sheets.
5. **Create IEN Modification** - Only for use by the Institute for Electronics and Nanotechnology IRI

Exchange Agreements Modules

The Exchange Agreements modules (NDA, MTA, and DUA) are used to request the various exchange agreements. There are separate training courses for each module within the [Learning Management System](#).

Export Control Module

There is a separate training regarding Export Control, and you can also note that some of those functions are meant only for COs to use. Contact export@gatech.edu for additional information there – Further aspects regarding Export Control concerning the Special Review Checklist are discussed.

Grant View Access

Only the PD/PI can click on "Grant View Access".

When others are requesting view access, they should go straight to the proposal that they need view access for and request from that page.

My Actions

The My Actions screen shows any proposals that are waiting for you to perform an action.

This table displays Proposal Routing Sheets assigned to you and require your attention.

Search

You can search for proposals in eRouting using any of the following criteria:

Creating a Proposal Routing Sheet

There are a few items that will follow the routing sheet through the entire process. Navigation Sidebar:

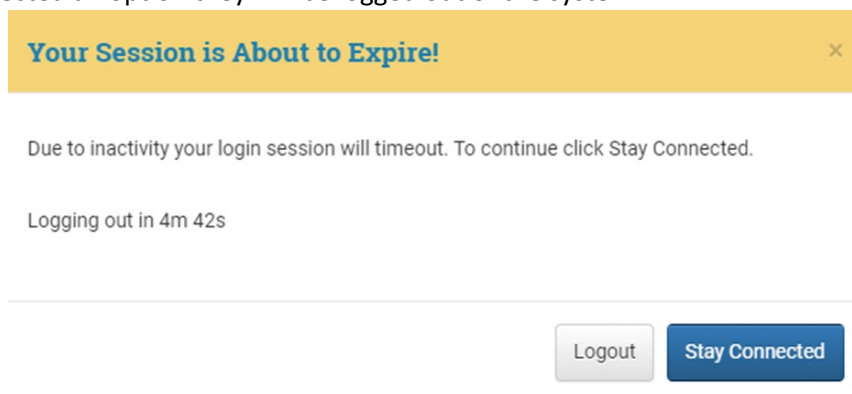

You can use this feature to move back and forth between sections.

Remember to save before you navigate - the system does not autosave!

If you see this floppy disc icon:  it means you have unsaved changes and should save before navigating away.

Note: After 25 minutes the below popup displays. Users have two options. After five minutes if the user has not selected an option they will be logged out of the system

Proposal Header:

The proposal header auto-populates as you input data into the routing sheet. This allows you to access data from different screens throughout the routing process.

Proposal Home Department:	Chemical and Biomolecular Engr	Estimated Start Date:	9/1/2017
Proposal Type:	Grant	Estimated End Date:	8/30/2022
Total Amount Proposed:	\$5,000,000.00	Due Date to Sponsor:	3/17/2017
Contracting Officer:	Blackwell, Tanya M.	Time Due:	05:00:00 PM

Key Personnel Data

When you start a new routing sheet, you will automatically enter the “Key Personnel Data” Page. Once you save this page, a routing sheet will officially be created in eRouting.

PD/PI

The screenshot shows the 'PD/PI' form with the following details:

- Name:** McGlade, Brien P. (With a 'Change' button and a warning: 'Changing this will affect approval workflow.')
- Email:** bmcglade3@gatech.edu
- Proposal Home Department:** Inst for Elect & Nanotechgy (138). (With a 'Change' button and a warning: 'Changing this will affect approval workflow.')
- Department Org ID:** Inst for Elect & Nanotechgy
- Phone Number:** 404/385-5963
- Campus Address and Mail Code:** (Empty field with a character count of 0/250 and a note 'Optional').
- ☐ This Proposal involves a Transitional Faculty.
- Buttons: Save, Save and Continue.

This section auto-populates based on the user who initiates the routing sheet. You can change the PD/PI by clicking the  button and selecting the correct PD/PI. Contact information is pulled from HR databases.

A new checkbox option is included to indicate that the proposal involves a **Transitional Faculty Member**, where the initiator can also provide the individual’s name.

Key Feature:

This close-up shows the 'Proposal Home Department' field with the value 'Mechanical Engineering (250)'. It includes a 'Change' button and a warning: 'Changing this will affect approval workflow.'

eRouting uses the Proposal Home Department field to determine a proposal’s routing workflow. The field auto-populates to a PD/PIs home department, but **may be changed** to reflect appointments in multiple units or association with an IRI.

Title

Enter the title of the proposal as it will be listed on the submission. You can also note if this is considered a Special Program:

Co-PD/PI(s)

Use this field to add Co-PD/PIs to a proposal routing sheet. If a Co-PD/PI is from a different school, they must be listed here for eRouting to add that school's workflow to the approval chain.

Co-PD/PI(s)

Co-PD/PI(s):

Type Employee's Last Name or First Name

Add

Optional. You can add multiple Co-PD/PI(s).

Workday Grants Manager

Workday Grants Manager

Do you know the Workday Grants Manager? If not, please select No.

☒ Yes ☐ No

Workday Grants Manager:

Type Employee's Last Name or First Name

Add

You can add multiple Workday Grant Managers.

This is a Workday role that is assigned by Grants and Contracts. If the name of the Grants Manager is unknown, the Cost Center Manager can assist in identifying the correct person.

Note: Not identifying a Grants Manager could delay the Workday award setup and/or result in notifications about the award not being directed to the correct person.

Administrative Point of Contact

This is the person the Contracting Officer in OSP should contact if they have any questions about the proposal routing sheet or submission. This also auto-populates with the contact information of the initiates the routing sheet. You may have multiple administrative points of contact but there must be one primary contact who will be listed as the "lead" admin point of contact.

Initiator

Initiator Name:	Steltzer, Angela L	Department Org ID:	ASDL
Initiator Phone:	404/385-3645	Created Date:	5/10/2019

eRouting tracks who initiates each routing sheet. This information cannot be changed. It is also important to note that only the initiator will be able to submit to the PD/PI for certification and submission.

Save and Continue

Save and Continue

In order to officially create a routing sheet, you must fill out all required information on the Key Personnel Data Sheet and then click Save and Continue. The system does not auto-save and if you do not click Save and Continue, you will have to re-enter the Key Personnel Data.

Proposal Data

After clicking Save and Continue, you will move on to the Proposal Data tab. At this point, your proposal will be assigned a proposal reference number. You can use this number to search for your proposal.

Cost Share

If Cost Share is included in your proposal, check yes and enter the total amount of cost share. You are also able to reflect a combination of cash and in-kind commitments. You can then upload your cost share form using the gray box. You can also upload this form via the attachments page. You are required to upload a cost share form if cost share is included in the proposal. If cost share is routed through GT TRACS, you may upload the package that includes the cost share spreadsheet and electronic signatures. If there is cost share being provided by an external entity, you must upload the letter of commitment as well.

For industry sponsors, special care is needed to ensure the proposal is assigned to the correct team. eRouting has been set up to automatically assign an industry proposal either to the International and Corporate Contracting team when the company is using non-Federal funds or to the Federal Flow-Through team when the company is using Federal funds.

As seen below, when an industry sponsor is chosen and the Prime Sponsor question is indicated as “No”, then the proposal is automatically assigned to the Office of Industry Engagement (OIE) to then further assign directly to an OIE CO and be processed:

Is there a Prime Sponsor for this proposal?

☐ Yes ☒ No

However, when the Prime Sponsor question is indicated as “Yes” and a Federal Government entity is entered in the field then the proposal is assigned to the Federal Flow-Through Group in OSP for further assignment and processing.

While the assignment of specific COs within these groups usually occurs promptly, there is some effort expended to accomplish this, and further effort is needed when the proposal needs to be transferred from one group to another so attention to sponsor data detail is needed in order to minimize time and effort needed to correct this oversight.

Request OSA Rate Approval

If you select the Other Sponsored Activities (OSA) rate, you must receive approval from the Associate Vice President for Research Administration. OSA Rate approval is requested prior to a full submission of the routing form. You are encouraged to request approval as early as possible so it may be reviewed by the responsible parties.

In order to request approval you must have filled out the following information:

- Key Personnel Data - All fields
- Proposal Data - Type of Award/Contract, Total Proposed Amount, Estimated Start Date, Estimated End Date, Estimated Length, IRI Data
- Sponsor Data - Sponsor Name, Due Date, Time Due, Prime Sponsor Information, Sponsor Contact Information, Submission Information
- Attachments - Upload Budget, Budget Justification, and Technical Proposal (Scope of Work) on the attachments page. Files must be labeled as the appropriate file types. If you use the upload field on the F&A Rate page, they will be uploaded as F&A Supporting Documents and you will receive an error during submission.

If your proposal is sponsored by NSF, NIH, or NIFA, it may require a responsible conduct of research education plan. Please certify that you will comply with the Institute's RCR Compliance Policy as well as meet the Sponsor's requirements:

- ☒ Yes ☐ No Is the Sponsor/Prime sponsor NSF, NIH or NIFA?
- ☐ If an award is received, I certify that I will comply with the Institute's [RCR Compliance Policy](#) including the Institute's Plan for meeting [Sponsor Requirements](#) for training students, postdocs, faculty, and staff. If an RCR training plan is required by the sponsor, I will submit a project-specific RCR training plan prior to establishment of an award.

If a sponsor requires a project-specific RCR plan be included with the proposal (e.g. some NIH programs), OSP will ensure the plan is included.

Teaming Agreements

☒ Yes
 ☐ No

Does a Teaming Agreement exist for this effort?

Please attach Teaming Agreement. You can upload it here or on the Attachments Page.

If your proposal involves a teaming agreement, please list the team members and any associated DocIDs, and upload a copy of that agreement.

Export Control

If your proposal involves a foreign sponsor, export of materials to a foreign country or foreign persons, potential publication restrictions, or any information subject to EAR or ITAR, please answer yes to the appropriate question. Depending on the situation, Export Control will be alerted via e-mail.

Export Control

☒ Yes
 ☐ No

Will proposal be submitted to a foreign sponsor (Prime or Sponsoring Organization)?

PI: You will receive an Export Control notification with a link via email to complete the required Export Certification.

☒ Yes
 ☐ No

Does research involve export of items or technology (e.g. shipment to another country, OR international collaborator, OR international sub-agreement, OR activity will be performed in whole or in part outside the U.S.A.)?

PI: No action is required at this time. This activity will be reviewed by Export Control prior to acceptance of an Award.

☒ Yes
 ☐ No

Do any of the Proposal documents include technical data subject to the Department of State, [International Traffic in Arms Regulations](#) (ITAR)?

PI: Documents must be marked with appropriate access and dissemination security markings before uploading to eRouting.

☒ Yes
 ☐ No

Is the agreement anticipated to contain any of the following: Restrictions on Dissemination (Publication Restriction or Approval) or Restrictions on Access (Foreign National Restriction or Approval or Notification), or other Security controls?

PI: No action is required at this time. This activity will be reviewed by Export Control prior to acceptance of an Award.

☒ Yes
 ☐ No

Is the research anticipated to access, use, create or generate technical data or hardware subject to the Department of State, [International Traffic in Arms Regulations](#) (ITAR); or Controlled Unclassified Information (CUI-EXPT or CUI-EXPTR); or data marked with Distribution Statements B-F; or X); or Classified activities or data?

PI: No action is required at this time. This activity will be reviewed by Export Control prior to acceptance of an Award.

If you answer **yes** to Question 1 in the Export Control section, after the routing sheet has been fully approved via departmental workflow and the status bar shifts to "In Sponsored Programs" (as noted below), you would be able to see that an EC Review and EC Certification was created and accessible via Related Items:

Once the Export Control review is complete, you will note the status change from “Export Control Created” to “Export Control Review Completed”:

For additional assistance, please see the **Export Control Module User Guide**:

https://researchintegrity.gatech.edu/sites/default/files/documents/user_guide_export_control_erouting_module.pdf and contact the Export Control Team at export@gatech.edu.

Environmental Health and Safety (EHS)

If your research involves any hazards, please select the appropriate box on this page. You will be prompted to fill in additional information depending on what hazards are involved. Detailed help is built into this section and can be accessed by clicking on the question mark prompts. If there are no hazards anticipated, you can go directly to the bottom of the page and click

Conflict of Interest and Intellectual Property

THIS SECTION MUST BE ANSWERED BY THE PI or Co-PI Each PI or Co-PI must answer the following questions about a financial conflict of interest and intellectual property. Answering yes will notify the appropriate office for additional review.

Conflict of Interest

- ☐ Yes ☐ No Do you, your spouse, domestic partner, or minor dependents:
- Receive compensation from a company/entity related to this research (do not include salary, grant support, and other payments for services from Georgia Tech)?
 - Receive royalty or licensing payments from a company/entity related to this research?
 - Have any intellectual property rights in any technology being used in this research?
 - Receive gifts/benefits, including reimbursed or sponsored travel, from a company/entity related to this research?
 - Have equity or ownership interest (includes stock options) in a public or private company/entity related to this research?
 - Be a director, officer, partner, trustee, employee, or hold any other type of management position with a company/entity related to this research?
 - Receive any compensation whose value could be affected by the outcome of this research (excluding compensation paid from the research grant)?
- ☐ Yes ☐ No Are you aware of any potential conflicts for other key personnel, consultants, or subcontractors?

Intellectual Property

- ☐ Yes ☐ No Will you be utilizing any pre-existing IP, that you have developed or that another GT researcher has developed, during the course of this project? Ex: novel methods, materials, inventions. ⓘ
- ☐ Yes ☐ No Are you utilizing any background IP from a third party? Ex: novel methods, materials, inventions, confidential. ⓘ

When submitting a routing sheet for a Transitional Faculty member under their Department Head/Chair, you will need to provide a separate document with a signed certification of these questions and attach this information in the documents section since they are unable to certify within the system.

Attachments

You may upload files by dragging and dropping them into the gray box or by clicking on the gray box:

Do not upload any materials or documents designated as CUI, classified, or confidential.

 Click to select files or drop here to upload.

Once you select a file, you must enter a description and select a document type. You must also choose whether a file is Active or is being uploaded as an Archived file. Any documents you were prompted to upload while completing the routing form should already appear as Active attachments. For those files, the document type is assigned by the section of the proposal prompting the upload (i.e. Cost Share documentation, RCR Addendum, Subaward information):

If you uploaded a file and you need to upload a revised version, archive the file you don't want to use prior to uploading the revised version.

NOTE: Archived files are for your documentation only and will not be visible to OSP.

Available Attachment Types are:

- **Budget Justification** – This is the corresponding narrative that provides additional details about the budget.
- **Cost Share Approval Form** – This form can be found on the OSP website and must be included if your proposal involves cost share. You may include a copy of electronic approvals from GT TRACS in lieu of signatures.
- **Cost Share Letter of Commitment** – If a third party is contributing to cost share, upload a letter confirming their contribution.
- **F&A Rate Supporting Documentation** – Required if you are requesting a reduced overhead rate or an overhead waiver.
- **Fixed Price Authorization** – Memo signed by the School Chair agreeing to support a fixed price project.
- **Formal Budget/Cost** – This is the detailed, line-item budget, preferably in excel format.
- **Letters of Support / Letters of Intent** – If you would like to include letters of support or intent from any collaborators, place them here. THIS IS NOT FOR SUBAWARD DOCUMENTS.
- **Memo** – GTRI Only
- **OCI Form** – GTRI Only
- **RCR Addendum** – The Office of Sponsored Programs will no longer require the RCR Addendum when eRouting a proposal to a sponsor with RCR requirements (see RCR Addendum note on page 3 for more details).
- **RFR / Source Reference** – GTRI only
- **Subaward Budget / Letter of Commitment** – Upload your subawardee's budget and letter of commitment here.
- **Supporting Documents** – Any additional documents you would like to submit along with the routing sheet will fall under this category.
- **Technical Proposal/SOW** – This is a project summary or short scope of work (SOW) for the proposal.

The **budget justification**, **formal budget**, and **technical proposal** are **MANDATORY** and must be uploaded to submit a routing sheet (highlighted in **yellow** above).

Including an attachment on the routing form does not ensure that these files are included in the proposal. Please be sure to upload the appropriate attachments when preparing your proposal.

Certify and Submit Proposal RS

☒ I certify the following:

- The information submitted within the application is true, complete and accurate to the best of my knowledge;
- Any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties.
- I agree to accept responsibility for the scientific & technical conduct of the project and to provide the required progress or technical reports if a grant or contract is awarded as a result of the application.
- If an award is made as a result of this proposal, I will administer it in accordance with the policies of the sponsor and of Georgia Tech as applicable.
- I certify that I have read and understand the Institute's conflict of interest policy all required financial disclosures were made; and I will comply with any conditions or restrictions imposed by the Institute to manage, reduce, or eliminate conflicts of interest.

Request Additional Signatures: If a proposal needs review outside of a School or Department's regular workflow, you may request additional signatures on a proposal-by-proposal basis. Be sure to click the green add button to add a recipient to the list.

Make Corrections to RS: Before a proposal is submitted to OSP, anyone in the approval chain can make corrections to the following fields:

- Title
- Admin Point of Contact
- Keywords
- IRI Data
- Sponsor Contacts
- Submission Method

Pull Back Routing Sheet: If you need to change any fields that might affect the routing workflow (budget, sponsor, etc.) you may pull back the routing sheet and make those changes. This will require the proposal to be rerouted through the workflow based on the new requirements.

Withdraw Routing Sheet: Use this option if you decide not to submit a proposal after submission to OSP. However, the routing sheet cannot be resubmitted if withdrawn.

NOTE: If edits are needed after the Contracting Officer has accepted the routing sheet, only he or she will have the ability to make the edits.

Required Approvals

After the proposal routing sheet has been submitted, the Required Approvals tab will appear. You will see a table that details each level of approval based on the workflow set up by your School or Department.

There are times when it appears that the proposal seems to be hung up between the PI's approval and the receipt by OSP. Most of the time it's due to an unforeseen approval rather than a bug in the system. It is helpful to check a couple of sections within eRouting for the proposal in question to discover the issue.

On the left side of the page is the gray navigation menu, it is recommended that you first click on Required Approvals and then:

You can then see all of the required approvers for this proposal and when/if each approver has completed their review and approval:

Modifications

Modifications work similarly to new proposals with a few small differences. First, enter the Workday award number or prime grant #, or the old PeopleSoft (or CostPoint for GTRI) fund or project number for an existing award. Partial award, grant, fund, or project numbers will bring up all matching awards/projects.

Search for Modifications/Renewals

Please select your search option

☐ Award/Fund #
 ☐ Prime Grant #/P/S Project #
 ☐ BOA #

Then select “Create” next to the award or project you wish to modify. eRouting will pull in some information about the award/project from the OSP Contract Information System.

Please select your search option
