The disclosing Party shall not be liable for damages of whatever kind or for any costs, expenses, risks, or liabilities as a result of the other Party's receipt or use of or reliance on any such information furnished hereunder.

Section 8. Intellectual Property.

8.1 Intellectual Property Rights.

- a. Background Intellectual Property Rights. All Background Intellectual Property is the separate intellectual property of COMPANY or GTRC, respectively, and is not affected by this Agreement. This Agreement shall not be construed as implying that either Party hereto shall have the right to use Background Intellectual Property of the other in connection with this Agreement, or any Task

Order issued under this Agreement, except as otherwise provided in a Task Order.

- b. GTRC Sole Intellectual Property Rights. All right, title, and interest to all GTRC Sole Intellectual Property shall be owned solely and exclusively by and vest entirely in GTRC.
- c. COMPANY Sole Intellectual Property Rights. All right, title, and interest to all COMPANY Sole Intellectual Property shall be owned solely and exclusively by and vest entirely in COMPANY.

8.2. Licensing Rights of Intellectual Property.

- a. GTRC grants to COMPANY an option to negotiate an exclusive license, in the Field of Use and subject to any existing third party rights, to any GTRC Sole Intellectual Property and GTRC's rights in any Joint Intellectual Property. Any such license shall be negotiated in good faith on fair and reasonable terms by GTRC and COMPANY.
- b. The period of COMPANY's option shall commence upon disclosure of the Project Intellectual Property and terminate six (6) months after disclosure of such Project Intellectual Property. COMPANY shall exercise its right by written notice to GTRC, prior to the expiration of the six (6) month term, of its desire to license such Project Intellectual Property. If COMPANY and GTRC do not execute a licensing agreement within three (3) months of COMPANY's written exercise of its option, GTRC shall be under no obligation to license such Project Intellectual Property to COMPANY.
- c. Notwithstanding anything to the contrary contained herein, COMPANY hereby grants to GTRC and GTRC hereby reserves for itself and GIT an irrevocable, worldwide, fully-paid non-exclusive license in and to all GTRC Sole Intellectual Property and Joint Intellectual Property for educational and research and development purposes, whether alone or with a third party.
- d. Upon request, and via a separate confirmatory license, GTRC shall grant to COMPANY a non-exclusive, royalty-free license to any GTRC Sole Intellectual Property in accordance with the terms and conditions of said confirmatory license. The confirmatory license shall be substantially in the form of the license attached hereto as Attachment B.
- e. COMPANY hereby grants to GTRC a fully paid-up, royalty-free license under COMPANY Sole Intellectual Property first conceived or reduce to practice under this Research Agreement, to use such COMPANY Sole Intellectual Property solely for its own internal academic and research purposes.

- f. Neither Party may invoke the Cooperative Research and Technology Enhancement (CREATE) Act of 2004, P.L. 108-453, with respect to any invention that is developed pursuant to this Agreement without the prior written consent of the other Party, such consent to include specific reference to the invention for which the benefits of the CREATE Act are claimed.

Section 9. Publication.

- 9.1 GTRC and GIT may catalog and place reports of the Research Project in the GIT Library as to ensure that such results are available to the interested public, and they may issue publications based on the Research Project and use any results non-proprietary to COMPANY in their research and educational programs. GTRC will give COMPANY an opportunity for thirty (30) days prior to the proposed submission of any publication to review such publication and, if necessary, request GTRC to delete any reference to COMPANY'S Proprietary Information included in the publication. Furthermore, COMPANY shall have the right to request a delay in publication for up to thirty (30) additional days, if necessary, to allow for filing of patents if such publication contains patentable subject matter. The right of review COMPANY has under this Section shall terminate twelve (12) months from completion of the Research Project. In no event shall any of COMPANY'S Proprietary Information be included in any publication without written authorization from COMPANY.
- 9.2 COMPANY recognizes that the results of the Research Project must be publishable and agrees that Staff Members engaged in the Research Project shall be permitted to present at symposia, national or regional professional meetings, and to publish in journals, theses or dissertations, or otherwise of their own choosing results of the Research Project provided, however, that COMPANY shall have been furnished copies of any proposed publication or presentation at least thirty (30) days in advance of the proposed submission of such publication or presentation to a journal, editor, or other third party. In no event shall any such submission disclose COMPANY's proprietary information. In the event COMPANY identifies patentable subject matter that needs protection and notifies GTRC, GTRC agrees to cooperate to allow the appropriate Party to file patent applications on any patentable subject matter contained in the proposed submission.

Section 10. Indemnity.

- 10.1 COMPANY agrees to and does hereby indemnify, hold harmless, and save from liability GTRC, Staff Members of GTRC, and the Board of Regents of the University System of Georgia, including their officers and employees, from and against any and all claims, demands, and actions arising out of or relating to COMPANY's commercial use of intellectual property which may be licensed to COMPANY under Section 8 of this Agreement.

Section 11. Disclaimer.

- 11.1 GTRC AND GIT DISCLAIM ANY AND ALL WARRANTIES BOTH EXPRESS AND IMPLIED WITH RESPECT TO THE RESEARCH TO BE PERFORMED HEREUNDER AND ANY DELIVERABLES RESULTING THEREFROM, INCLUDING THEIR CONDITION, CONFORMITY TO ANY REPRESENTATION OR DESCRIPTION, THE EXISTENCE OF ANY LATENT OR PATENT DEFECTS THEREIN, THEIR MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE

OR PURPOSE, VALIDITY OF ANY INTELLECTUAL PROPERTY RIGHTS OR CLAIMS, OR NON-INFRINGEMENT OF ANY THIRD PARTY INTELLECTUAL PROPERTY RIGHTS.

Section 12. Limitation of Liability.

- 12.1 The cumulative liability of GTRC to COMPANY for all claims, demands, or actions arising out of or relating to this Agreement, the Research Project to be performed hereunder, and any deliverables resulting therefrom will not exceed the total amount paid to GTRC hereunder during the twelve (12) months immediately preceding such claim, demand, or action. Without limiting the foregoing, in no event shall GTRC be liable for any business expense; machine down time; loss of profits; any incidental, special, exemplary, or consequential damages; or any claims or demands brought against COMPANY or COMPANY's customers even if GTRC has been advised of the possibility of such claims and demands. The foregoing limitation of liability will survive any termination of this Agreement and will apply without regard to any other provision of this Agreement that may have been breached or have been proven ineffective.

Section 13. Termination.

- 13.1 COMPANY may terminate any Task Order hereunder for any reason upon thirty (30) days' written notice to GTRC. Notwithstanding the foregoing, no Task Order shall terminate prior to the expiration of an academic semester if such written termination was for convenience.
- 13.2 GTRC may terminate this Master Agreement or any Task Order hereunder upon thirty (30) days' prior written notice in the event (i) that GTRC determines that continued performance of this Master Agreement could jeopardize its continued tax-exempt status under the Code or result in a violation of any tax covenants made by GTRC in connection with the issuance of tax-exempt bonds or (ii) of a material breach by COMPANY of any term or provision hereof, provided such breach remains uncured at the end of said thirty (30) day period. Such notice of a breach shall include a reasonable description of the facts surrounding the alleged breach and a proposed course of action to cure said breach.
- 13.3 COMPANY shall pay GTRC any costs which have accrued or been encumbered on any Task Order up to the actual date of termination under this Section and shall not be relieved of the obligation to pay such costs because of termination under this Section.

Section 14. Export Control.

- 14.1 GTRC is subject to United States laws and regulations controlling the export of goods, software, and technology, including technical data, laboratory prototypes, and other commodities, including "deemed exports," and shall comply with all applicable laws and regulations, including the Arms Export Control Act, the International Traffic in Arms Regulations ("ITAR"), the Export Administration Regulations ("EAR"), and the laws and regulations implemented by the Office of Foreign Assets Control, U.S. Department of the Treasury ("OFAC"). Deemed export means any release of technology to a foreign national within the United States. Technology is released for export when it is (i) made available to foreign nationals for visual inspection, (ii) exchanged orally, or (iii) made available by practice or application under the guidance

of persons with knowledge of the technology. Diversion contrary to U.S. law is prohibited. The transfer of certain technical data, services, and commodities may require a license from the cognizant agency of the United States Government and/or written assurances by COMPANY that it will not re-export or retransfer the data or commodities to certain foreign countries without prior approval of the cognizant U.S. government agency. While GTRC agrees to reasonably cooperate in securing any license that the cognizant agency deems necessary in connection with this Agreement, GTRC cannot guarantee that such licenses will be granted. Notwithstanding anything to the contrary, if such required export license cannot be responsibly obtained from the concerned government agency, GTRC shall be exempted, without further action or liability, from all its obligations herein to convey any rights in or to intellectual property or otherwise deliver such intellectual property, including but not limited to technical data.

14.2 COMPANY agrees to obtain permission from the U.S. government for the retransfer or re-export of any goods, software, and technology that requires such authorization, including to any affiliate or subsidiary of COMPANY. COMPANY will not allow any U.S. origin goods, software, or technology to be used for any purposes prohibited by United States law, including without limitation support for terrorism or for the development, design, manufacture, or production of nuclear, chemical, or biological weapons of mass destruction.

14.3 The Parties understand and agree that compliance with all applicable laws and regulations, including the Arms Export Control Act, ITAR, EAR, and the laws and regulations implemented by OFAC which adversely affect a Research Project and/or any deliverables under any Task Order hereunder or grant of intellectual property rights hereunder, shall not constitute a breach of this Agreement.

14.4 The provisions of this Section shall survive termination or expiration of this Agreement.

Section 15. Equipment.

15.1 COMPANY understands and agrees that GTRC shall hold title in any equipment and materials not expressly made part of a deliverable that GTRC purchases, acquires, or fabricates with funds provided by COMPANY as authorized under this Agreement.
